Meera,

I'm not sure that I understand what it is we are missing, please see attached. I have included the transporter as there was only one for one shipment. It was picked up at our shop and taken to Stablex Canada.

Please send your phone number if it's possible to speak about this.

Thanks.

Nancy,

You only submitted information about the waste streams, you are missing ports of entry and exit and the list of transporters for this submission. Please resubmit the entire notice so that I can process it.
